

# WESTFAC III Is History

**June 22-25, 2011**

**WESTFAC III** is now in the record books and a fantastic time was had by all. This was a WESTFAC with many firsts. It was the first time a flyer came from the East coast to fly at a WESTFAC. **Keith Sterner** from Pennsylvania came away with two trophies and also managed to make a bundle of friends. He designed and constructed the new **WALT MOONEY MEMORIAL WESTFAC TROPHY** which was displayed at the Scale Judging and was awarded to **MIKE ISERMANN** for his Boeing 306B with a total score of 134.5 points. This was the first time our CinC issued a wonderful welcome letter to everyone. The letter was read to all at the Awards Banquet. This was the first time we had a brand new model builder come to fly at a WESTFAC. **Ed Comfort** from Aurora Colorado brought a **FLYING ACES MOTH** and we all helped him trim it...MUCH FUN..!!

We challenge you readers to go to the new WESTFAC III picture gallery and try to name all the scale models you see there. You will find several built by **DON DELOACH** our new WESTFAC GRAND CHAMPION. Also now on this site is a GRAND CHAMPION SCORE SHEET along with all the scores from all the events for your perusal.

One of the "ELECTRIFYING MOMENTS" was when **Chris Starleaf** from Illinois, flew his four motored rubber powered **B-24**. The world stopped for about 58 seconds and all you could hear across those 27,000 acres of free flight was cheers and screams of appreciation... WOW..!!

Grumman Mass Launch Contestants

The premier event , FAC RUBBER SCALE , was won by **CHRIS STARLEAF** with his Breda 88 which garnered 30 scale points and a total score of 174.00...it MAXED on its first flight...eat your heart out guys.

Soooooo....check all the events out, browse the WESTFAC 3 photo gallery.

**WESTFAC IV** will be coming in 2013 at Perris California.....DON'T MISS IT...!!!!

**Roger Willis..... WESTFAC Founder**
